

Illinois State Stock Horse Association  
Meeting with Jubilee State Park, Wednesday, June 29, 2016, 5:00 p.m.  
Jubilee State Park Ranger Office, Brimfield, IL

Present: President Brian Sorensen, Vice-President Don Phelps, Secretary/Treasurer Jenna Walker, ISSHA Members: Terry Benson, Jerry Benson and Jim Sorensen, Joe Bassetti-Jubilee State Park Site Superintendent and Melinda Kitchens-Regional Land Manager

This meeting was held to discuss the future of us hosting an ISSHA 100 Mile Ride at Jubilee State Park in 100 Mile Ride Meadow and use Quail Meadows area in 2018 or 2019.

We discussed that our ride starts Labor Day and continues Labor Day week; however, trailers will start coming in the week before ( we can tell them they cannot start coming in before a certain day). Our ride is an organized ride with, trail guide, trail boss and five assistant trail bosses. The trails we would use would be the marked trails on the current map – 32 miles. We understood that the trails need work and would be more than willing to help clean up trails and have cleanup days, coordinated with the Site Superintendent – Joe. We were told that Dove hunting will be going on in park and that we would ride the opposite area (we will only allow people to ride with the organized ride in the morning as to not interfere with the dove hunting). We pay the camping fees, \$10 per night per trailer and the shelter fee of \$25 per day.

What we would need for the Site Superintendent to do:

- Area Mowed

We would provide our own:

- Porta Potties

- Dumpsters for waste and garbage removal

- Food

- Tent

- Tables

We stated that as of right now our rides have been between 75 and 150 people, however everybody loves riding at Jubilee State Park and our number could go up. We have had 300 people in the 100 Mile Meadow before and that was plenty of parking. We also understand the park rules and when it rains, we would not be able to ride.

We would type a letter of intent and send to Joe.

Respectfully Submitted by Secretary/Treasurer, Jenna Walker
